

Aviator II™ with WiFi™

1/2 HP AC BELT DRIVE GARAGE DOOR OPENER

For Quiet Take-Offs and Landings

For quiet, reliable operation and peace of mind, you want the Aviator II™ garage door opener from Raynor. Powered by a 1/2 hp motor with a one piece solid belt drive rail, it glides like a whisper. With the included lifetime motor and belt warranty, along with a 1-year parts warranty, it doesn't get better!

WiFi™

The Aviator II with WiFi comes standard with integrated WiFi providing an all-in-one solution. Free apps for Apple and Android.

MyQ®

MyQ technology enables you to securely monitor and control your garage door opener with your smartphone, tablet or computer. Alerts can be received as email or pop-up (push) notifications on your mobile device so that you always know the status of your garage door. MyQ mobile app is a free download requiring no annual activation fee.

Energy-efficient

Energy-efficient operation consumes up to 75% less power in standby mode.

Security+ 2.0™

Security+2.0 safeguards your household, with every click a new code is sent to the garage door opener so that the door opens only for you. PosiLock® locks down your door by electronically monitoring against a forced opening.

Deluxe Series

Safety, Security and Performance

Dual Lighting

Opener light turns on automatically when The Protector System® safety infrared beam is broken and delivers 200 watts of light with adjustable light time delay.

P3™ motors

P3 motors from LiftMaster® are reliable, durable and powerful; designed specifically for your needs.

1/2 HP Motor

1/2 HP Motor with belt drive system provides quiet, reliable and maintenance free performance.

Motor Vibration Isolation System (MVIS®)

Provides super quiet, smooth operation year after year.

Standard Accessories

Multi-Function Control Panel (882 RGD)

Our Multi-Function Control Panel operates the garage door opener and lights on your Aviator II. It also allows for fast, easy programming of accessories with the new learn button.

3-Button Remote Control (893 RGX)

This powerful multi-door control can operate 3 garage doors, gates or MyQ-enabled lighting accessories. Plus, multi-frequency Security+ 2.0™ technology virtually eliminates interference. The Aviator II comes standard with 1 remote. Additional remotes are available.

Protector System® Photo Eyes

Project an invisible beam across the door opening. If any object breaks the light beam while closing, the door will stop and reverse direction to full open position.

Optional Accessories

Max Keyless Entry (877 MGX)

Opens and closes your door when you enter a 4-digit code. Enter a temporary code that allows guests and service people temporary access with a specific number of activations for a chosen length of time.

3-Button Mini Remote Control (890 RGX)

This powerful multi-door control can operate 3 garage doors, gates or MyQ-enabled lighting accessories. Plus, multi-frequency Security+ 2.0™ technology virtually eliminates interference.

HomeLink® Compatible (855 LM)

The in-vehicle universal remote control. The HomeLink System may require the HomeLink Repeater Kit on some vehicle makes and models. Please contact Raynor Customer Service for details.

Visit your Raynor Dealer for additional options and accessories.
